

Lower Merion School District PowerSchool Parent Portal

I'm here because I need to... create an account, retrieve an Access ID and Access Password, add additional students to my account, or update my contract information. What do I need to do?

1. If you do not have a Powerschool Parent Portal account, begin by retrieving the Access IDs and Access Passwords for your children. Start with "Retrieve Access ID and Access Password" step 1 below.
2. If you have an Access ID and Access Password for each of your children, but do not have a Powerschool Parent Portal account, start with step 2 "Create Powerschool Parent Portal Account" below.
3. If you have an existing PowerSchool Parent Portal account for an older child, you will need to add your other children in order to update the contact information for each of them. Start with step 3 "Add Additional Students" below.
4. If you have a Powerschool Parent Portal account, and all of your children have been added to the portal, begin by clicking the Data Verification icon on the left side of the Parent Portal webpage. The Data Verification link will take you to the Infosnap website application, where you can update the contact information for each of your children. After updating the contract information for your first child, click the link to return to the Parent Portal in order to update the contact information for your other children.

Step 1. Retrieve Access ID and Access Password

Start by retrieving the Access ID and Access Password for your children. This step is necessary to connect your children's individual student information to your Parent Portal account. To retrieve the Access ID and Access Password for your students, first, click the 'Retrieve Access ID/PW' tab located at <https://powerschool.lmsd.org>. After clicking the tab, enter and submit an email address you have provided to the District, and the Access ID and Access Password for your students will be emailed to you. For additional assistance, see the visual below.

PowerSchool

Student and Parent Sign In

Welcome Elementary Parents. To create a new account click the Create Account Tab and use the information provided in the letter you received in the mail.

If you created a Parent Portal Account last school year you can continue using that account by using the Sign In Tab.

If you need to create a new account to access the PowerSchool Parent Portal, please review the instructions below to learn how to create a new account.

If you have an existing PowerSchool Parent Portal account for an older child you can add additional children to your existing account by using the "Account Preferences" tab once logged into the portal. For more information about adding additional students, please see the Add Additional Students Guide below.

Sign In Create Account **Retrieve Access ID/PW**

Your Access ID and Access Password are used to link your student(s) to your account. If you have misplaced your parent portal letter and need to retrieve your Access IDs and Access Passwords enter the email address you have provided the District below and they will be emailed to that account.

Parent/Guardian Email *

Submit

If you have forgotten the email address or username that you used to create your account initially, please contact the main office of your child's school - [School Contact Information](#)

If you cannot recall an email address you have provided to the District, please call the main office of your child's school and request a Parent Portal letter. You can find the phone number for your child's school at <http://www.lmsd.org/schools>. The main office of your child's school can mail or email the letter to you or you can pick it up in person at the school.

Step 2. Create Powerschool Parent Portal Account

Begin by clicking the 'Create Account' tab at <https://powerschool.lmsd.org>. Then, select the 'Create Account' button.

Create Parent Account

Parent Account Details

First Name

Last Name

Email

Desired Username

Password

Re-enter Password

Password must: •Be at least 6 characters long

Then, link your child(ren) to your new account by completing the required information in the bottom section, Link Students to Account. If you have more than one student, enter the Access ID and Access Password for each child in order to link their student information to your account.

Link Students to Account

Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account

1

Student Name	<input type="text"/>
Access ID	<input type="text"/>
Access Password	<input type="text"/>
Relationship	-- Choose ▼

2

Student Name	<input type="text"/>
Access ID	<input type="text"/>
Access Password	<input type="text"/>
Relationship	-- Choose ▼

3

Student Name – Enter the name of your child. This does not have to be an exact match to what we have on file. If you have multiple children, this will show you which child’s information you are viewing.

Access ID/Access Password - Please reference the Parent Portal letter that you obtained in Step 1 above. Please enter the Access ID and Access Password exactly as it is listed in the letter as it is case sensitive.

Relationship - Please choose the relationship to your child from the drop-down box.

Finally, click the ‘Enter’ button and you will return to the login page. Enter the username and password that you JUST created in order to access the Powerschool Parent Portal.

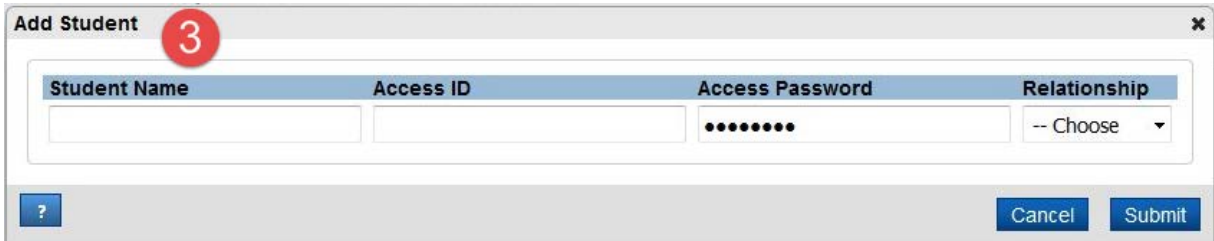

Step 3. Add Additional Students

If you have an existing PowerSchool Parent Portal account for an older child, you can add additional children to your existing account by using the “Account Preferences” tab. Once you have successfully signed in to Parent Portal, select the “Account Preferences” icon on the left side of the webpage.

Choose the ‘Students’ tab and then click the ‘Add’ button.

Enter your child's name, Access ID, and Access Password. In addition, add a relationship to student and select the 'Submit' button.

The 'Add Student' form is a modal window with a title bar containing 'Add Student' and a close button. A red circle with the number '3' is positioned over the title bar. The form contains four input fields: 'Student Name', 'Access ID', 'Access Password', and 'Relationship'. The 'Access Password' field is filled with ten dots. The 'Relationship' field is a dropdown menu with the text '-- Choose'. At the bottom of the form, there is a help icon (a question mark in a blue square), a 'Cancel' button, and a 'Submit' button.

Student Name	Access ID	Access Password	Relationship
<input type="text"/>	<input type="text"/>	••••••••••	-- Choose

After creating your Powerschool Parent Portal account and adding your children to your account by using the Access ID and Access Password for each child, you can update your contact information (data verification) by selecting the Data Verification icon on the left side of the Parent Portal webpage. The Data Verification link will take you to the Infosnap website application, where you can update the contact information for each of your children. After updating the contact information for your first child, click the link to return to the Parent Portal in order to update the contact information for your other children.
