As with other students, the school should try to pair the GET student with peers with whom the student feels comfortable. The District should make adjustments to prevent the student from being marginalized because of any alternative arrangements. Regardless of whether those roommates know about the student's gender identity, the District has an obligation to maintain the student's privacy and cannot disclose or require disclosure of the student to the other students or their parents.
Locker rooms	Guidelines, Part F	Students shall have access to the locker room facility that corresponds to their gender identity. Name	Guidelines, Part D	<ul style="list-style-type: none"> •□ Students shall be known by the name and the gender by which the person identifies. However, there may be situations (e.g., communications with family, official state or federal records, and assessment data) where it may be necessary and recommended for staff to be informed of the student’s legal name and gender. In these situations, staff should prioritize the safety, confidentiality, and respect of the student in a manner that affirms the law. •□ If school personnel are unsure how a student wants to be addressed in communications to the home or in conferences with parents/legal guardians, they may privately ask the student. For communications with a student’s parent/legal guardian, school personnel should refer to the policy’s section on “Privacy and Confidentiality.” •□ Every effort should be made to use the preferred names and pronouns consistent with a student’s gender identity. While inadvertent slips or honest mistakes may occur, the intentional and persistent refusal to respect a student’s gender identity is a violation of District Policy. <i>Also see below, “records, official/records, unofficial”</i>
Privacy	Guidelines, Part A	<ul style="list-style-type: none"> •□ School personnel should not disclose information about a GET student’s gender identity and expression to others, including the student’s parents/guardians and/or other school personnel, unless legally required to do so or unless the student has authorized such disclosure or explicitly disclosed their gender identity in the school setting. •□ Students have the right to openly discuss and express their gender identity and expression, and to decide when, with whom, and how much information to share. •□ District and school personnel may encounter situations where transgender students have not disclosed their transgender status. School personnel must be mindful of the confidentiality and privacy rights of students when communicating with others, so as to not to violate those rights by, for example, revealing, implying, or referring to a student’s gender identity or expression. •□ To ensure confidentiality when discussing a particular concern such as conduct, discipline, grades, attendance, or health, school personnel’s focus should be specifically school related and not on the student’s gender identity or expression.
Records, official	Guidelines, Part B	<ul style="list-style-type: none"> •□ The District is required to maintain in perpetuity mandatory permanent pupil records (“official records”) which include the legal name of the student and the student’s sex as indicated on official government issued documents such as birth certificates, passports and identification cards/permits. The official records may include but are not limited to progress and grade reports, transcripts, assessment data, health records, discipline records, Individualized Education Programs (IEP), Section 504 Plans and the student’s cumulative folder. •□ The District will change a student’s name and gender on official records when the name of the student is changed by the appropriate court action, such as by a change of name proceedings or through amendment of state or federally-issued identification. The new name is the official legal name of the student for all purposes, including school registration. Upon the submission of paper evidence of the court order, the student’s official name in all school records shall be changed to reflect the legal name change.
Records, unofficial	Guidelines, Part C	<ul style="list-style-type: none"> •□ The District shall permit a student to use a preferred name on unofficial records. The unofficial records may include but are not limited to ID cards, classroom rosters, certificates, programs, announcements, office communications, team and academic rosters, diplomas, newspapers, newsletters, school directories, yearbooks and other site-generated unofficial records. The preferred name shall also appear on the student’s cumulative folder (official record) as “Also Known As” (AKA). •□ The District shall permit a student or parent/legal guardian to request a change of name so that the student may be registered in school under a name that corresponds with the student’s identity without obtaining court order or without changing the student’s official records.
