

Reach students and parents when you need to.

A blue-tinted photograph of a classroom. In the foreground, several rows of wooden desks and black chairs are visible. In the background, there is a globe on a stand to the left, a door in the center, and a large window on the right. The wall behind the door is decorated with several posters, including a large circular abstract drawing in the center and a landscape painting to the left. A bookshelf filled with books is visible behind the desks.

What is Remind?

What is Remind?

Remind lets educators **send quick, simple messages** to students and parents on any device—no smartphones necessary.

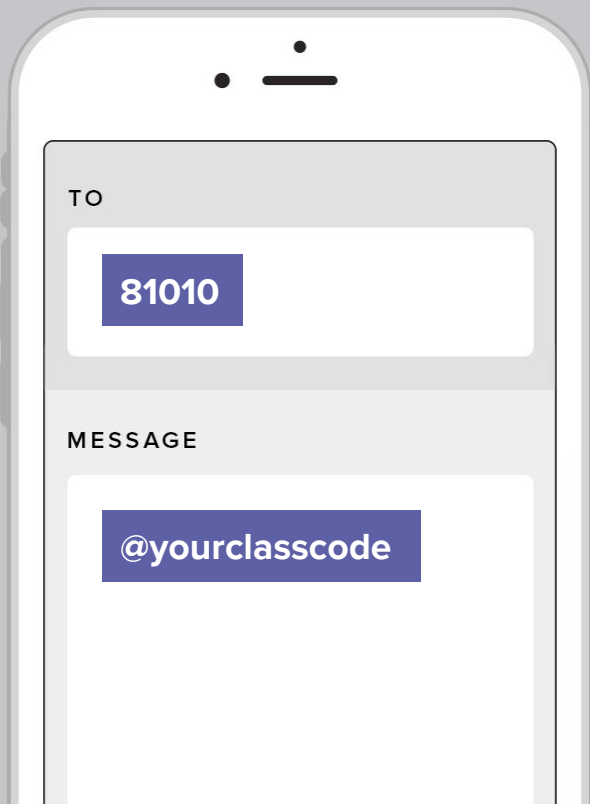

Your **personal contact information stays private**, and you can access your full message history at any time.

Remind is **free to use** for educators, students, and parents.

How does Remind work?

WHAT PARTICIPANTS SEE

Join my sample class

To receive messages via text, text **@yourclasscode** to 81010.

Trouble using 81010? Try texting **@yourclasscode** to (516) 874-3612 instead.

**Standard text message rates apply.*

TO THE EDUCATOR LEADING PD:

Replace **@yourclasscode** in the image above with the class code
for the sample class you created for this PD.

WHAT TEACHERS SEE

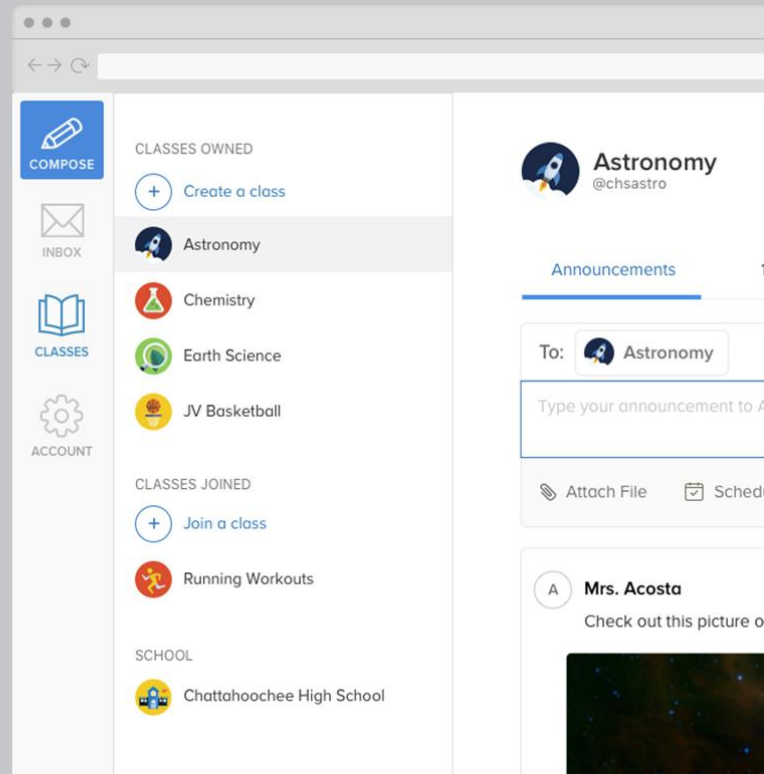

Send a message

See who's joined my classes.

Send quick and simple messages to participants.

Use delivery receipts to check who's received my messages.

(This is Remind on the web, but try downloading the mobile app to see what it's like!)

TO THE EDUCATOR LEADING PD:

Open Remind in your browser so participants can see their names appear as your class fills up.

Then, send a sample message!

Four ways to fill your Remind class

1

Participants can **text your class code to 81010** from any phone, including flip phones—exactly the way we just saw.

2

Participants can **download the app** at rmd.me, click on “Join a Class,” and enter your class code.

3

Send invitations directly to phone numbers or email addresses. You can even copy and paste information from a spreadsheet!

4

Participants can go to remind.com/join on the web and enter your class code.

A woman with long brown hair is sitting at a desk, smiling and holding two pens. She is wearing a light-colored button-down shirt. The desk has papers, a pen holder with several pens, and a stapler. The background is slightly blurred, showing a bookshelf and a poster. The entire image is covered with a semi-transparent blue overlay.

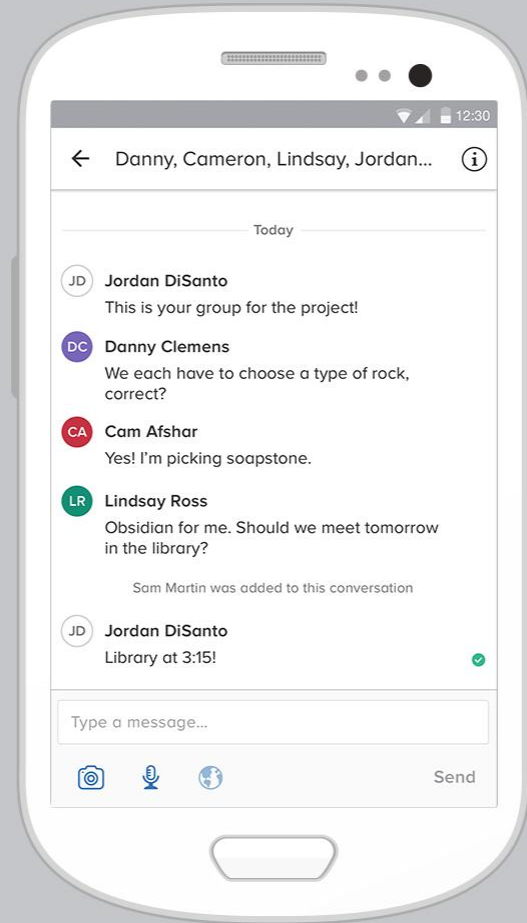

What can I do with Remind?

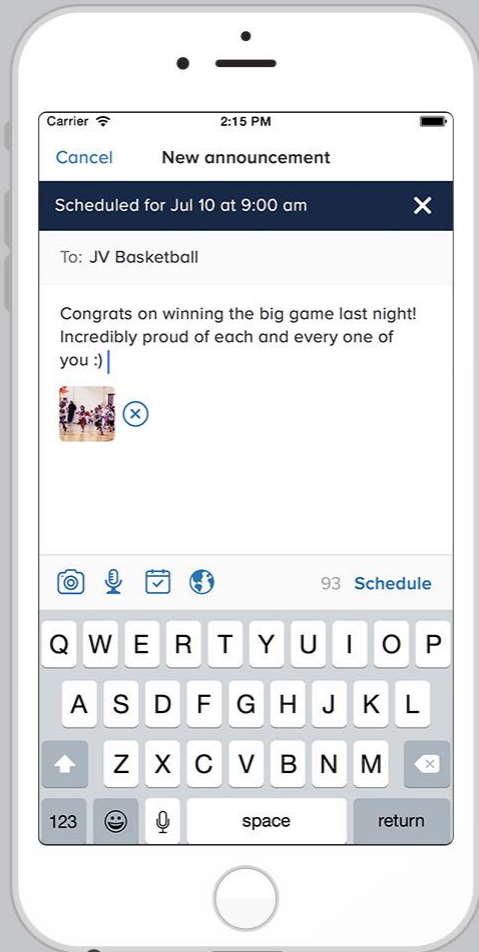

Messaging you can control

Send a message to an entire class, individuals, or smaller groups.

Choose one-way or two-way communication.

Set office hours to let students and parents know the best time to reach you.

Schedule

Save time by scheduling your messages in advance.

TIP

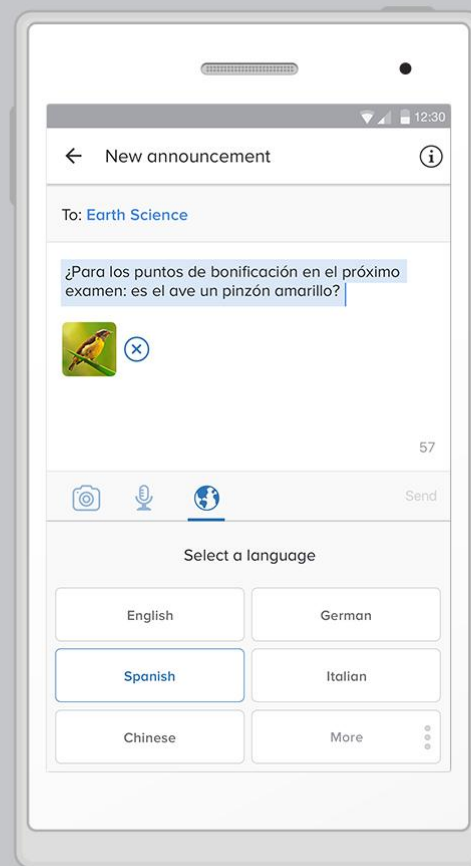

Use 5 minutes of your planning period to schedule assignment reminders for the month ahead.

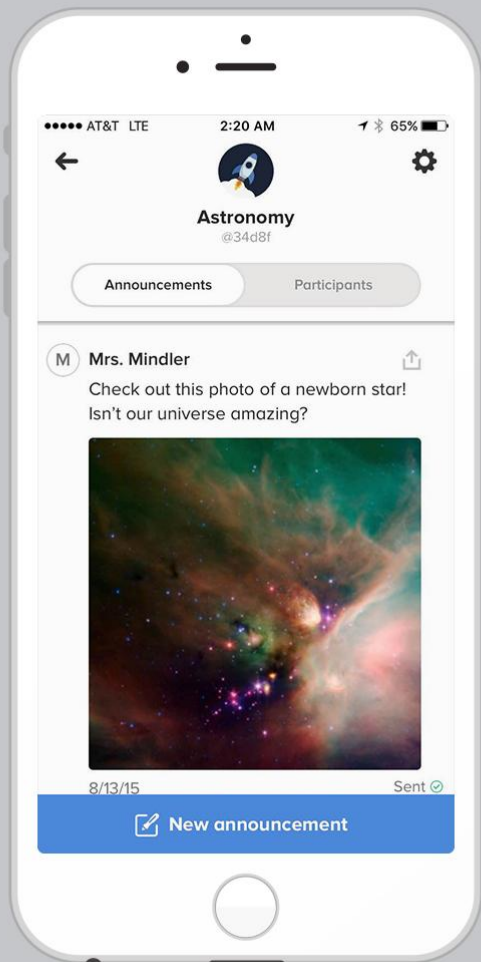

Translate

Reach every family with the ability to translate messages into 70+ languages.

TIP

Participants using the app on a phone set in a different language will get the option of translating your messages.

Add attachments

Extend learning by attaching photos, PDFs, files, and voice clips to your messages.

TIP

Instead of printing handouts, send them to students via Remind as PDFs.

A woman with glasses and a child are sitting at a wooden table, smiling and talking. The woman is on the right, wearing a patterned top and has her hand near her face. The child is on the left, wearing a light-colored shirt, looking towards the woman. On the table are a bowl, a plate with food, and a fork. In the background, there is a large container and a vase. The entire image has a blue tint.

3 easy steps to get started

Frequently asked questions

1

IS REMIND REALLY FREE? HOW?

Yes! We've been fortunate that investors have chipped in as we've grown. We'll eventually introduce **optional** paid features that enhance the Remind experience, but what you saw today will stay free.

2

CAN I SHARE A REMIND CLASS WITH ANOTHER EDUCATOR?

Yes! You can promote another teacher to owner from your class settings. All owners have the **same administrative abilities** for the class.

3

WHAT IF STUDENTS OR PARENTS DON'T HAVE SMARTPHONES?

Students and parents can receive Remind messages on **any phone with SMS**, including prepaid phones, flip phones, and government-provided phones.

4

WHAT IF STUDENTS OR PARENTS DON'T HAVE A PHONE AT ALL?

Remind accounts can be created on **any computer with internet access**. Participants will see their messages whenever they log in, or they can choose to receive messages via email.
