## Family Dentist Report

## Entrance to school (K or 1), grade 3, 7

THE PENNSYLVANIA SCHOOL HEALTH LAW REQUIRES dental examinations upon entrance to school (kindergarten or grade one), third and seventh grades. It is strongly recommended that your family dentist perform the exam as he/she is the most familiar with your child's dental needs and will be able to provide follow up treatments, cleanings, etc.

## Examination forms completed by the family dentist should be returned

 to your child's school.Name $\qquad$ School $\qquad$ Grade $\qquad$
